1990 Conference and Annual General Meeting

The 1990 conference of the society and the Third International Conference on Pidgins and Creoles in Melanesia were held simultaneously June 27-29 at the PNG University of Technology, Lae. The theme was '*Language and Literacy in Melanesia*', which was the topic of four papers and a workshop. Six papers related to pidgins and creoles, and four plus a workshop related to other linguistic topics. Details are available from the secretary.

The annual general meeting of the societies was held on June 28th, as part of the conference. The officers elected for 1990-91 were:

President - Sakarepe Kamene
President-elect - Dicks Thomas
Secretary - Carl Whitehead
Treasurer - Colin Barron
LLM Editor - John Clifton
Review editor - Tom Dutton
Members-at-large - Isaiah Chillion, Geoff Smith, Rufus Pech

Dicks Thomas, the president-elect for 1989-1990, had felt the need to postpone moving into the president office, since he was involved in a study programme at the UPNG this year. Tom Dutton stated that he was willing to continue in the review editor office for another year for the sake of continuity.

Membership and Subscription Rates

Primarily due to an increase in bank charges for handling overseas cheques, an increase in the fee and subscription rates was approved at the annual general meeting. The new rates are as follows:

	PNGK	US\$	AUS\$
member fee	12.00*	20.00	25.00 - surface mail
	18.00	28.00	34.00 - airmail
subscription	24.00	35.00	42.00 - surface mail
	30.00	43.00	52.00 - airmail

*The fee for Melanesian undergraduate students would remain at K1.00 and for other PNG citizens K10.00.

Information received since the AGM indicates that some of these increases may not be necessary so they will be reviewed at the 1991 meeting. (Membership reminders for this year will not be sent out until after the meeting.)

Scholarships to Melanesian Linguists

It was announced in Hebou 25 that a K400.00 scholarship was being provided to Shem Yarupawa and John Hamau, lecturers from the PNG University of Technology studying at Macquarie University. The AGM voted to increase this to K440.00 in light of the kina devaluation, and to provide a similar amount to Vincent Manukayasi, who is doing volunteer work with the National Literacy and Awareness Council. The society hopes to be able to continue this practise of helping Melanesian linguists, and names of eligible recipients would be appreciated. Any donations towards grants for PNG linguists, over and above your membership fees, would also be welcome.

Tok Pisin Standardisation

One of the major issues raised in the conference was the problem of lack of standardisation in Tok Pisin publications, especially in regards to spelling. Apparently several standardisation projects are underway in the country and it was agreed that the society promote some coordination of these projects, using Hebou as a medium of sharing information. It was proposed at the AGM that a workshop on the topic be held as part of the 1991 conference. The executive committee has since agreed that any organisations in PNG involved or interested in this standardisation could receive Hebou (but not the journal) free of charge. To date, only one such organisation has shown interest in this service.

From the editor of LLM - John Clifton

Upon my return to PNG, I found the journal waiting for me in good shape. Karl Franklin, the previous editor, had already selected all the articles for volume 22 (1991), and completed all the preliminary editing. Barring unforeseen difficulties, volume 22 should be ready for distribution at this year's annual meeting of the LSPNG.

Volume 22 will mark the first issue of the journal officially jointly published by the LSPNG and the Society for Pidgins and Creoles in Melanesia. It will contain three articles specifically dealing with pidgins. I would like to continue to devote two or three articles per volume to pidgins and related areas, so I would encourage the submission of such articles.

Finally, I am soliciting articles for volume 23 of LLM, due to appear in 1992. I have already received a number of articles for this volume, but could use two or three more to complete it. Send any submissions to the editor at SIL, Box 418, Ukarumpa via Lae, PNG.
